Welcome Back

As the new year begins so does the increased standards and expectations of our services. With our communities patience and understanding during these difficult times, we will soon be able to transition back to more normal ways of production!

Grab & Go Breakfast

- » Various entrees, these are combined with fruits, juices and milk for an optimal for prepackaged meal. This is to encourage minimal contact yet flexibility. Hot entrées will be incorporated into the next menu.

Fruits & Veggies Bar

- » The same amazing produce is available every lunch for all the students. Now the food bar will be managed by staff. This is to optimize the food choices while decreasing safety concerns regarding close contact.

GO CHIEFS!
